- 1 Remove the stock seat and lower seat stays from trike. Set hardware aside.
- Using the stock Fixed Seat Bolt, mount the Sport Touring Seat to the mainframe. Refer to the parts diagrams below when installing Lower Seat Stays. Please note: The orientation of the stays, clamps, and hardware vary by model.

TerraTrike®

Lower Seat Stay assembly for All Terrain, Charge, Rambler, Rambler EVO and Traveler models.

Lower Seat Stay assembly for Gran Tourismo and EVO models.

Lower Seat Stay assembly for Maverick and Rogue models. Note these models use the included 3mm spacers (WC000074).
